

Methods for notched bar tests —

Part 4: Calibration of Izod pendulum impact testing machines for metals

UDC 620.178.746

Co-operating organizations

The Mechanical Engineering Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

Associated Offices Technical Committee	Engineering Equipment Users' Association
Association of Consulting Engineers	Gas Council
Association of Hydraulic Equipment Manufacturers Ltd.	Institution of Civil Engineers
Association of Mining Electrical and Mechanical Engineers	Institution of Gas Engineers
British Chemical Plant Manufacturers' Association	Institution of Heating and Ventilating Engineers
British Compressed Air Society	Institution of Mechanical Engineers
British Electrical and Allied Manufacturers' Association*	Institution of Mechanical Engineers (Automobile Division)
British Gear Manufacturers' Association	Institution of Plant Engineers
British Internal Combustion Engine Manufacturers' Association	Institution of Production Engineers*
British Mechanical Engineering Confederation	Locomotive and Allied Manufacturers' Association of Great Britain
British Pump Manufacturers' Association	London Transport Executive
British Steel Industry*	Machine Tool Trades Association
Crown Agents for Oversea Governments and Administrations	Ministry of Defence
Department of Employment and Productivity (H.M. Factory Inspectorate)	Ministry of Defence, Army Department*
Department of the Environment*	National Coal Board
Department of Trade and Industry*	National Physical Laboratory (Department of Trade and Industry)*
Department of Trade and Industry — National Engineering Laboratory	Royal Institute of British Architects
Electricity Council, the Central Electricity Generating Board and the Area Boards in England and Wales	Telecommunications Engineering Manufacturing Association
	Water Tube Boilermakers' Association

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

Aluminium Federation	Department of Trade and Industry — Forest Products Laboratory
British Cast Iron Research Association	Institution of Engineering Inspection
British Iron and Steel Research Association	Lloyd's Register of Shipping
British Non-ferrous Metals Research Association	Ministry of Defence, Navy Department
Chemical Industries Association	Spring Research Association
Copper Development Association	Tube Investments
Department of the Environment — Building Research Station	The Welding Institute
Department of Trade and Industry — Aviation Supply	Individual testing machine manufacturers

Amendments issued since publication

Amd. No.	Date of issue	Comments
7768	August 1993	Indicated by a sideline in the margin

This British Standard, having been approved by the Mechanical Engineering Industry Standards Committee, was published under the authority of the Executive Board on 30 March 1972

© BSI 02-2000

First published August 1920
First revision August 1933
Part 4 of second revision October 1962
Part 4 of third revision March 1972
