

Methods of testing

Vitreous enamel finishes —

**Part 22: Determination of resistance to
thermal shock of coatings for fabricated
sheet steel components such as burners
and pan supports for cookers**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Surface Treatments and Coatings Standards Policy Committee (STC/-) to Technical Committee STC/36, upon which the following bodies were represented:

- Agricultural Engineers' Association
- Association of Manufacturers of Domestic Electrical Appliances
- British Steel plc
- Institute of Vitreous Enamellers
- Metal Sink Manufacturers' Association
- Vitreous Enamel Development Council

This British Standard, having been prepared under the direction of the Surface Treatments and Coatings Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 December 1994
