

Methods of testing

Refractory materials —

Part 5: Refractory and thermal
properties —

Section 5.5 Determination of thermal
conductivity (panel/calorimeter
method) (method 1902-505)

Confirmed December 2009

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Refractory Products Standards Policy Committee (RPM/-) to Technical Committee RPM/1, upon which the following bodies were represented:

- British Ceramic Research Ltd.
- British Steel Industry
- Engineering Equipment and Materials Users' Association
- Refractories Association of Great Britain
- Refractory Contractors' Association
- Society of Glass Technology

This British Standard, having been prepared under the direction of the Refractory Products Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 30 August 1991
