

Autoclaves for sterilization in laboratories —

Part 3: Guide to safe use and operation

Confirmed December 2011

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Laboratory Apparatus Standards Policy Committee (LBC/-) to Technical Committee LBC/35, upon which the following bodies were represented:

- Association of British Health Care Industries
- Association of Sterilizer and Disinfector Equipment Manufacturers
- British Dental Trade Association
- British Stainless Steel Association
- Central Sterilising Club
- Department of Health
- Health and Safety Executive
- Infection Control Nurses Association
- Institute of Hospital Engineering
- Institute of Sterile Services Management
- Medical Sterile Products Association
- National Blood Transfusion Service
- Public Health Laboratory Service
- Regional Hospital Boards Engineers' Association
- Royal College of Pathologists
- Royal Pharmaceutical Society of Great Britain
- Society for General Microbiology

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Association of Clinical Pathologists
- British Glass Manufacturers' Confederation
- BLWA Ltd. (The Association of the Laboratory Supply Industry)
- Copper Development Association
- Institute of Medical Laboratory Sciences
- Manufacturing Science Finance
- Ministry of Agriculture, Fisheries and Food
- Royal Association of British Dairy Farmers
- Society for Applied Bacteriology

This British Standard, having been prepared under the direction of the Laboratory Apparatus Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 December 1993
