

Specification for

**1.9/3.3 kV, 300 A bolted
flameproof cable
couplers and adaptors
(including 380/660 V
and 640/1100 V, 300 A
adaptors) for use in coal
mines**

UDC 622.005:621.315.687 – 213.34

Confirmed November 2008

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee MRE/14, Cable glands, sealing boxes, couplers, plugs and sockets, upon which the following bodies were represented:

- Association of British Mining Equipment Companies
- Association of Mining Electrical and Mechanical Engineers
- BEAMA Transmission and Distribution Association
- Electric Cable Makers Confederation
- Health and Safety Executive
- Institution of Mining Engineers
- National Coal Board
- National Union of Mineworkers
- Rotating Electrical Machines Association (BEAMA)

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 November 1995
