

CONFIRMED
DECEMBER 2007

Fire tests on building materials and structures —

Part 11: Method for assessing the heat emission from building materials

ICS 13.220.50

Cooperating organizations

The Fire Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following:

Aluminium Federation*	Fire Insurers' Research and Testing Organization (FIRTO)*
Association of Metropolitan Authorities	Fire Offices Committee*
British Automatic Sprinkler Association	Fire Protection Association*
British Fire Protection Systems Association Ltd.	Greater London Council*
Chartered Institution of Building Services	Health and Safety Executive*
Chief and Assistant Chief Fire Officers' Association*	Home Office*
Concrete Society Limited*	Incorporated Association of Architects and Surveyors
Confederation of British Industry	Industrial Fire Protection Association of Great Britain
Constructional Steel Research and Development Organization*	Institution of Civil Engineers
Department of the Environment (Building Research Establishment, Fire Research Station)*	Institution of Fire Engineers*
Department of the Environment (Construction Industry Directorate)*	Institution of Municipal Engineers
Department of the Environment (PSA)*	Institution of Structural Engineers
Department of Trade (Marine Division)*	Ministry of Defence
Engineering Equipment Users' Association*	National Council of Building Materials Producers*
Fire Extinguishing Trades Association	Royal Institute of British Architects*
	Scottish Health Services
	Trades Union Congress

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this British Standard:

Asbestos Cement Manufacturers' Association Limited	Felt Roofing Contractors' Advisory Board
Association of British Roofing Felt Manufacturers	Fibre Building Board Development Organization Ltd.
Association of Building Component Manufacturers Limited	Flat Glass Manufacturers' Association
Association of Structural Fire Protection Contractors and Manufacturers	Gypsum Products Development Association
British Fire Services Association	Mastic Asphalt Council and Employers' Federation
British Floor Covering Manufacturers' Association	National Association of Plumbing, Heating and Mechanical Services Contractors
British Plastics Federation	National Coal Board
British Railways Board	National GRP Cladding Federation
British Rigid Urethane Foam Manufacturers' Association	Rubber and Plastics Research Association of Great Britain
British Rubber Manufacturers' Association	The Wood Wool Slab Manufacturers' Association
British Steel Industry	Timber Research and Development Association
British Wood Preserving Association	United Kingdom Atomic Energy Authority
British Woodworking Federation	United Kingdom Antimony Oxide Manufacturers' Association
Cement and Concrete Association	Warrington Research Centre
Chemical Industries Association	Coopted member
Department of Education and Science	
EPS Association	
Eurisol (UK) Association of Manufacturers of Mineral Fibre Insulation	

This British Standard, having been prepared under the direction of the Fire Standards Committee, was published under the authority of the Board of BSI and comes into effect on 31 August 1982
