

Short link chain for lifting purposes —

Part 2: Specification for grade M (4) non-calibrated chain

[ISO title: Short link chain for lifting purposes — Grade M (4),
non-calibrated, for chain slings, etc.]

UDC 621.86.065.4:672.6

Cooperating organizations

The Mechanical Engineering Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following:

Associated Offices Technical Committee*	Department of the Environment (PSA)
Association of Consulting Engineers	Department of Trade (Marine Division)
Association of Hydraulic Equipment Manufacturers	Department of Transport
Association of Mining Electrical and Mechanical Engineers	Electricity Supply Industry in England and Wales*
British Compressed Air Society	Engineering Equipment Users' Association*
British Electrical and Allied Manufacturers' Association (BEAMA)	Federation of Manufacturers of Construction Equipment and Cranes*
British Gas Corporation	Health and Safety Executive*
British Gear Manufacturers' Association	Institution of Gas Engineers
British Internal Combustion Engine Manufacturers' Association	Institution of Mechanical Engineers
British Pump Manufacturers Association	Institution of Plant Engineers
British Steel Corporation*	Institution of Production Engineers
British Steel Industry	Lloyd's Register of Shipping
British Valve Manufacturers' Association Ltd.	London Transport Executive
Cbmpe	Machine Tool Industry Research Association
Chartered Institution of Building Services	Ministry of Defence*
Crown Agents for Oversea Governments and Administrations	National Coal Board*
Department of Industry Mechanical Engineering*	Oil Companies Materials Association
Department of Industry National Engineering Laboratory*	Process Plant Association
	Telecommunication Engineering and Manufacturing Association (TEMA)
	The Society of Motor Manufacturers and Traders Limited

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this British Standard:

British Ports Association	Federation of Wire Rope Manufacturers of Great Britain
British Railways Board	Machine Made Chain Manufacturers' Association
Chain Testers Association of Great Britain	Ministry of Aviation Supply
Corporation of Trinity House	National Association of Drop Forgers and Stampers
Department of Industry National Physical Laboratory	Individual Technical Experts
Federation of Civil Engineering Contractors	

This British Standard, having been prepared under the direction of the Mechanical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 27 February 1981
