

Specification for

# Pinion type cutters for spur gears — 1 to 8 metric module

UDC 621.914.6:621.833

# Co-operating organizations

The Mechanical Engineering Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and professional and industrial organizations:

|                                                               |                                                                  |
|---------------------------------------------------------------|------------------------------------------------------------------|
| Associated Offices Technical Committee                        | Department of Trade                                              |
| Association of Consulting Engineers                           | Electricity Supply Industry in England and Wales                 |
| Association of Hydraulic Equipment Manufacturers Ltd.         | Engineering Equipment Users' Association                         |
| Association of Mining Electrical and Mechanical Engineers     | Federation of Manufacturers of Construction Equipment and Cranes |
| British Compressed Air Society                                | Institution of Gas Engineers                                     |
| British Electrical and Allied Manufacturers' Association      | Institution of Heating and Ventilating Engineers                 |
| British Gas Corporation                                       | Institution of Mechanical Engineers                              |
| British Gear Manufacturer's Association*                      | Institution of Plant Engineers                                   |
| British Internal Combustion Engine Manufacturers' Association | Institution of Production Engineers*                             |
| British Mechanical Engineering Confederation                  | London Transport Executive                                       |
| British Pump Manufacturers' Association                       | Machine Tool Trades Association*                                 |
| British Steel Corporation                                     | Ministry of Defence*                                             |
| British Steel Industry                                        | National Coal Board                                              |
| Crown Agents for Oversea Governments and Administrations      | Process Plant Association                                        |
| Department of Employment (HM Factory Inspectorate)            | Railway Industry Association of Great Britain                    |
| Department of the Environment                                 | Royal Institute of British Architects                            |
| Department of Industry — Mechanical Engineering               | Society of Motor Manufacturers and Traders Ltd.                  |
| Department of Industry — National Engineering Laboratory*     | Telecommunication Engineering and Manufacturing Association      |

The Government departments and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

|                                                     |                                                              |
|-----------------------------------------------------|--------------------------------------------------------------|
| Gauge and Toolmakers Association                    | Navy and Vickers Gearing Research Association                |
| Milling Cutter and Reamers Association              | North East Coast Institution of Engineering and Shipbuilders |
| National Federation of Engineers Tool Manufacturers |                                                              |

This British Standard, having been approved by the Mechanical Industry Standards Committee, was published under the authority of the Executive Board on 27 February 1976
