

Code of practice for

**Selection, installation
and maintenance of
electrical apparatus
for use in potentially
explosive atmospheres
(other than mining
applications or
explosive processing
and manufacture) —**

**Part 7: Installation and maintenance
requirements for electrical apparatus
with type of protection N**

UDC 696.6:621.3 – 7:614.83

Cooperating organizations

The General Electrotechnical Engineering Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

British Electrical and Allied Manufacturers' Association (BEAMA)*	Electronic Components Industry Federation*
British Radio Equipment Manufacturers' Association	Electronic Engineering Association
British Steel Corporation	Engineering Equipment Users' Association*
Department of Energy (Electricity)	Health and Safety Executive*
Electric Cable Makers' Confederation*	Home Office
Electrical Contractors' Association*	Institution of Electrical Engineers*
Electrical Contractors' Association of Scotland	Ministry of Defence*
Electrical Research Association*	National Coal Board*
Electricity Supply Industry in England and Wales*	Oil Companies Materials Association*
	Post Office*
	Telecommunication Engineering and Manufacturing Association (TEMA)*

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

Association of Consulting Engineers	Department of the Environment
Association of Mining Electrical and Mechanical Engineers	Department of the Environment (Building Research Establishment) (Fire Research Station)
British Electrical Systems Association (BEAMA)	Department of Trade (Marine Division)
British Gas Corporation	Fire Offices Committee
British Industrial Measuring and Control Apparatus Manufacturers' Association	Fire Protection Association
British Industrial Truck Association	General Council of British Shipping
CBMPE	Institute of Petroleum
Chief and Assistant Chief Fire Officers' Association	Institution of Gas Engineers
Council for Electrical Equipment for Flammable Atmospheres (BEAMA)	Institution of Mining Engineers
Council for Underground Machinery Manufacturers	Lighting Industry Federation Ltd.
Department of Energy (Petroleum) (OIL)	Rotating Electrical Machines Association (BEAMA)
	Scientific Instrument Manufacturers' Association

This British Standard, having been prepared under the direction of the General Electrotechnical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 30 November 1979
