

Code of practice for

**Selection, installation
and maintenance of
electrical apparatus for
use in potentially
explosive atmospheres
(other than mining
applications or
explosive processing
and manufacture) —**

**Part 8: Installation and maintenance
requirements for electrical apparatus
with type of protection “s” — Special
protection**

UDC 696.6:621.3 – 7:614.83

Cooperating organizations

The General Electrotechnical Engineering Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

British Approvals Service for Electric Cables Ltd.	Electrical Research Association*
Associated Offices Technical Committee*	Electricity Supply Industry in England and Wales*
British Electrical and Allied Manufacturers' Association (BEAMA)*	Electronic Components Industry Federation*
British Radio Equipment Manufacturers' Association	Electronic Engineering Association
British Steel Corporation	Engineering Equipment Users' Association*
Department of Energy (Electricity)	Health and Safety Executive*
Electric Cable Makers' Confederation*	Home Office
Electrical Contractors' Association*	Institution of Electrical Engineers*
Electrical Contractors' Association of Scotland*	Ministry of Defence*
	National Coal Board*
	Oil Companies Materials Association*
	Post Office*

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this British Standard:

Association of British Mining Equipment Companies	Department of Energy (Petroleum) (OIL)
Association of Consulting Engineers	Department of the Environment (PSA)
Association of Mining Electrical and Mechanical Engineers	Department of the Environment (Building Research Establishment) (Fire Research Station)
Association of Supervisory and Executive Engineers	Department of Trade (Marine Division)
British Electrical Systems Association (BEAMA)	Fire Offices Committee
British Gas Corporation	Fire Protection Association
British Industrial Measuring and Control Apparatus Manufacturers' Association	General Council of British Shipping
British Industrial Truck Association	Institute of Petroleum
CBMPE	Institution of Gas Engineers
Chief and Assistant Chief Fire Officers' Association	Institution of Mining Engineers
Civil Aviation Authority (Airworthiness Division)	Lighting Industry Federation Ltd.
Council for Electrical Equipment for Flammable Atmospheres (BEAMA)	Rotating Electrical Machines Association (BEAMA)
	Scientific Instrument Manufacturers' Association
	Telecommunication Engineering and Manufacturing Association (TEMA)

This British Standard, having been prepared under the direction of the General Electrotechnical Engineering Standards Committee, was published under the authority of the Executive Board and comes into effect on 29 February 1980
