

Steel, concrete and composite bridges —

Part 3: Code of practice for design of steel bridges

ICS 93.040

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/525, Building and civil engineering structures, to Subcommittee B/525/10, Bridges, upon which the following bodies were represented:

- Association of Consulting Engineers
- British Cement Association
- British Constructional Steelwork Association
- British Precast Concrete Federation Ltd.
- British Railways Board
- Concrete Society
- County Surveyors' Society
- Highways Agency
- Institution of Civil Engineers
- Institution of Structural Engineers
- Steel Construction Institute
- UK Steel Association
- Welding Institute

This British Standard, having been prepared under the direction of the Sector Committee for Building and Civil Engineering, was published under the authority of the Standards Committee and comes into effect on 15 October 2000
