

Code of practice for

The selection and application of bellows expansion joints for use in pressure systems —

**Part 1: Metallic bellows expansion
joints**

UDC 621.643.43

Cooperating organizations

The Pressure Vessel Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following:

- Associated Offices Technical Committee*
- Association of Shell Boilermakers
- British Chemical Engineering Contractors' Association
- British Compressed Gases Association
- British Gas Corporation*
- British Insurance (Atomic Energy) Committee
- British Steel Industry
- Chemical Industries Association
- Department of Trade (Marine Division)
- Engineering Equipment Users' Association*
- Health and Safety Executive*
- Institution of Chemical Engineers
- Institution of Gas Engineers
- Institution of Mechanical Engineers*
- Lloyd's Register of Shipping
- Oil Companies Materials Association*
- Process Plant Association*
- United Kingdom Atomic Energy Authority
- University of Manchester. Institute of Science and Technology
- Water-tube Boilermakers' Association*
- Welding Institute

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this British Standard:

- High Pressure Pipework Consultative Committee
- Ministry of Defence
- Individual expert

This British Standard, having been prepared under the direction of the Pressure Vessel Standards Committee, was published under the authority of the Executive Board and comes into effect on 31 July 1981
