

Testing of resin compositions for use in construction —

Part 2: Method for measurement of compressive strength

UDC [691.342+691.537]:620.173.2

Confirmed December 2011

Cooperating organizations

The Civil Engineering and Building Structures Standards Committee, under whose direction this British Standard was prepared, consists of representatives from the following:

Aluminium Federation	Department of Transport
Association of Consulting Engineers	Federation of Civil Engineering Contractors
Brick Development Association	Health and Safety Executive
British Constructional Steelwork Association	Institution of Civil Engineers*
British Precast Concrete Federation Ltd.	Institution of Municipal Engineers
British Steel Industry	Institution of Public Health Engineers
Cement and Concrete Association*	Institution of Structural Engineers*
Concrete Society Limited*	Institution of Water Engineers and Scientists
Consumer Standards Advisory Committee of BSI	Local Authorities Organization
Convention of Scottish Local Authorities	Ministry of Agriculture, Fisheries and Food
County Surveyor's Society*	National Federation of Building Trades Employers
Department of the Environment (PSA)*	National Water Council
Department of the Environment (Building Research Establishment)*	Royal Institute of British Architects
Department of the Environment (Water Directorate)	Scottish Development Department
Department of the Environment (Housing and Construction)	Timber Research and Development Association
Department of the Environment (Transport and Road Research Laboratory)*	Trades Union Congress

The organizations marked with an asterisk in the above list, together with the following, were directly represented on the Technical Committee entrusted with the preparation of this British Standard:

British Adhesive Manufacturers Association	Institution of Highway Engineers
British Plastics Federation	Plastics and Rubber Institute
Construction Industry Research and Information Association	Society of Chemical Industry
Federation Resin Formulators and Applicators Ltd.	Coopted member

This British Standard, having been prepared under the direction of the Civil Engineering and Building Structures Standards Committee was published under the authority of the Board of BSI and comes into effect on 31 January 1983
