

Loading for buildings —

Part 3: Code of practice for imposed roof loads

ICS 91.060.01; 91.080.20

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Sector Board for Building and Civil Engineering (B/-) to Technical Committee B/525/1, upon which the following bodies were represented:

- British Constructional Steelwork Association Ltd.
- British Iron and Steel Producers' Association
- British Masonry Society
- Concrete Society
- Department of the Environment (Building Research Establishment)
- Department of the Environment (Property and Building Directorate)
- Highways Agency
- Institution of Civil Engineers
- Institution of Structural Engineers
- National House Building Council
- Royal Institute of British Architects
- Steel Construction Institute

This British Standard, having been prepared under the direction of the Civil Engineering and Building Structures Standards Committee, was published under the authority of the Board of BSI and comes into effect on 31 May 1988
