

Experimental determination of mechanical mobility

**Part 5. Measurement using impact
excitation with an exciter which is not
attached to the structure**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee GME/21, Mechanical vibration and shock, upon which the following bodies were represented:

- Federation of Civil Engineering Contractors
- Imperial College of Science and Technology
- Institute of Sound and Vibration Research
- Institution of Mechanical Engineers
- Lloyd's Register of Shipping
- Ministry of Defence
- Open University
- Power Generation Contractors' Association (PGCA (BEAMA Ltd.))
- Railway Industry Association of Great Britain
- Sira Test and Certification Ltd.
- Society of British Aerospace Companies Limited
- Society of Environmental Engineers

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Coal Corporation
- Electricity Association
- Health and Safety Executive
- University of Cranfield

This British Standard, having been prepared under the direction of the Engineering Sector Board (E/-), was published under the authority of the Standards Board and comes into effect on 15 March 1995
