

# Safety of earth-moving machinery —

## Part 6: Specification for falling-object protective structures on earth-moving machinery: Laboratory tests and performance requirements

UDC 621.878/9-78

# Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/513, Construction equipment and plant, and site safety, to Subcommittee B/513/1, Earth-moving machinery, upon which the following bodies were represented:

- Associated Offices Technical Committee
- British Coal Corporation
- Construction Plant (Hire Association)
- Federation of Civil Engineering Contractors
- Federation of Manufacturers of Construction Equipment and Cranes
- Health and Safety Executive
- Institution of Civil Engineers
- Institution of Highways and Transportation
- Silsoe Research Institute

This British Standard, having been prepared under the direction of Technical Committee B/513, was published under the authority of the Standards Board and comes into effect on 15 November 1992
