

Safety of earth-moving machinery —

Part 9: Methods for the calculation and verification of the lift capacity of hydraulic excavators

UDC 621.879.3.016

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/513, Construction equipment and plant, and site safety, to Subcommittee B/513/1, Earth-moving machinery upon which the following bodies were represented:

- Associated Offices Technical Committee
- British Coal Corporation
- Construction Plant (Hire Association)
- Federation of Civil Engineering Contractors
- Federation of Manufacturers of Construction Equipment and Cranes
- Health and Safety Executive
- Institution of Civil Engineers
- Institution of Highways and Transportation
- Silsoe Research Institute

This British Standard, having been prepared under the direction of Technical Committee B/513, was published under the authority of the Standards Board and comes into effect on 15 December 1992
