

Calibration of vibration and shock pick-ups

Part 11. Method of test for transverse vibration sensitivity

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/21, upon which the following bodies were represented:

Electricity Association
Federation of Civil Engineering Contractors
Imperial College of Science and Technology
Institute of Sound and Vibration Research
Institution of Mechanical Engineers
Lloyd's Register of Shipping
Ministry of Defence
Open University
Power Generation Contractors Association (PGCA (BEAMA Ltd.))
Railway Industry Association of Great Britain
Sira Test and Certification Ltd.
Society of British Aerospace Companies Limited

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

British Coal Corporation
Health and Safety Executive
Society of Environmental Engineers
University of Cranfield

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 March 1994
