

Components and systems of reciprocating internal combustion engines —

Part 1: Glossary of terms for structure and external covers

[ISO title: Reciprocating internal combustion engines —
Vocabulary of components and systems —
Part 1: Structure and external covers]

UDC 62 – 833 + 62 – 24]:(038)

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Machinery and Components Standards Committee (MCE/-) to Technical Committee MCE/14, upon which the following bodies were represented:

- Association of Consulting Engineers
- British Railways Board
- Ministry of Defence
- Society of Motor Manufacturers and Traders Ltd.

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Association of British Generating Set Manufacturers
- BEAMA Ltd.
- Marine Engine and Equipment Manufacturers' Association

This British Standard, having been prepared under the direction of the Machinery and Components Standards Committee, was published under the authority of the Board of BSI and comes into effect on 30 December 1988
