

Guide to

Safety aspects of experiments in which people are exposed to mechanical vibration and shock

UDC 614.872.5

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/21, upon which the following bodies were represented:

- British Maritime Technology
- British Steel Corporation
- Electricity Supply Industry in England and Wales
- Institute of Sound & Vibration Research
- Institution of Mechanical Engineers
- Lloyds Register of Shipping
- Ministry of Defence
- Motor Industry Research Association
- Power Generation Association (BEAMA Ltd.)
- Society of British Aerospace Companies Limited
- Society of Environmental Engineers

The following bodies were also represented in the drafting of the standard, through sub-committees and panels:

- AFRC Institute of Engineering Research
- British Aggregate Construction Materials Industries
- British Agricultural & Garden Machinery Association Ltd.
- British Railways Board
- Department of Trade and Industry (National Engineering Laboratory)
- Forestry Commission
- Health and Safety Executive
- Heriot — Watt University
- Institute of Explosives Engineers
- Institution of Civil Engineers
- Medical Research Council
- Power Saw Association of Great Britain
- University College of Swansea
- University of Salford

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 August 1989
