

Guide to

Choice of aperture size and wire diameter combinations for industrial wire screens and woven wire cloth —

Part 1: General

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/29, upon which the following bodies were represented:

- BCIRA
- British Cement Association
- British Coal Corporation
- British Laboratory Ware Association
- Guild of Metal Perforators
- Institution of Chemical Engineers
- Institution of Mining and Metallurgy
- National Association of British and Irish Millers
- Ministry of Defence
- Society of Chemical Industry
- Society of Cosmetic Scientists
- Woven Wire Association
- Coopted members

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Aggregate Construction Materials Industries
- British Steel Industry (Wire Section)
- National Federation of Clay Industries
- Refractories Association of Great Britain

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 28 February 1991
