

Evaluation and measurement for vibration in buildings —

**Part 1: Guide for measurement of
vibrations and evaluation of their
effects on buildings**

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/21, upon which the following bodies were represented:

- Department of Trade and Industry (National Engineering Laboratory)
- Electricity Supply Industry in England and Wales
- Engineering Equipment and Materials Users' Association
- Institute of Sound and Vibration Research
- Institution of Mechanical Engineers
- Lloyds Register of Shipping
- Ministry of Defence
- Power Generation Contractors Association (BEAMA Ltd.)
- Society of British Aerospace Companies Ltd.
- Society of Environmental Engineers
- Society of Motor Manufacturers and Traders Limited

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- British Aggregate Construction Materials Industries
- British Coal Corporation
- British Compressed Air Society
- British Railways Board
- Federation of Civil Engineering Contractors
- Institute of Explosives Engineers
- Institution of Civil Engineers
- National Federation of Demolition Contractors

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 30 November 1990
