

Porosity and pore size distribution of materials —

Part 1: Method of evaluation by
mercury porosimetry

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the General Mechanical Engineering Standards Policy Committee (GME/-) to Technical Committee GME/29, upon which the following bodies were represented:

- BCIRA
- British Cement Association
- British Coal Corporation
- British Laboratory Ware Association
- Coated Abrasives Manufacturers' Association
- Guild of Metal Perforators
- Institution of Chemical Engineers
- Institution of Mining and Metallurgy
- Mechanical Handling Engineers Association
- Ministry of Defence
- NABIM
- Society of Chemical Industry
- Society of Cosmetic Scientists
- Woven Wire Association

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Aluminium Federation
- British Laboratory Ware Association
- China Clay Association
- Department of Trade and Industry (National Physical Laboratory)
- Department of Trade and Industry (Warren Spring Laboratory)
- GAMBICA (BEAMA Ltd.)
- Institution of Chemical Engineers
- Ministry of Defence
- NABIM
- Royal Pharmaceutical Society of Great Britain
- Royal Society of Chemistry
- Society of Chemical Industry
- Society of Cosmetic Scientists
- University of Bradford
- Brunel University
- University of Sunderland
- University of Technology, Loughborough
- Coopted members

This British Standard, having been prepared under the direction of the General Mechanical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 December 1992
