

Reciprocating internal combustion engine driven alternating current generating sets —

Part 9: Measurement and evaluation of mechanical vibrations

ICS 29.160.40

Committees responsible for this British Standard

The preparation of this British Standard was entrusted to Technical Committee MCE/14, Reciprocating internal combustion engines, upon which the following bodies were represented:

- Agricultural Engineers Association
- British Industrial Truck Association
- Health and Safety Executive
- Society of Motor Manufacturers and Traders
- Co-opted members

This British Standard, having been prepared under the direction of the Engineering Sector Board, was published under the authority of the Standards Board and comes into effect on 15 July 1996
