

Method for

Assessing the short-circuit withstand strength of partially type-tested assemblies (PTTA)

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Power Electrical Engineering Standards Policy Committee (PEL/-) to Technical Committee PEL/12, upon which the following bodies were represented:

- ASTA Certification Services
- Association of British Mining Equipment Companies
- Building Employers' Confederation
- Department of Trade and Industry (Consumer Safety Unit, CA Division)
- Electrical Installation Equipment Manufacturers' Association (BEAMA Ltd.)
- ERA Technology Ltd.
- GAMBICA (BEAMA Ltd.)
- Health and Safety Executive
- Institution of Incorporated Executive Engineers
- National Inspection Council for Electrical Installation Contracting
- National Quality Assurance

This British Standard, having been prepared under the direction of the Power Electrical Engineering Standards Policy Committee, was published under the authority of the Standards Board and comes into effect on 15 July 1994
