1.9/3.3 kV power cables with special fire
performance for use in power
stations —**

**Section 6.3: Cables with thermosetting
insulation and non-halogenated sheath**

(Implementation of HD 604)

ICS 29.060.20

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee GEL/20, Electric cables, to Subcommittee GEL/20/2, Mains cables 1 kV and above, upon which the following bodies were represented:

- Association of Consulting Engineers
- British Approvals Service for Cables
- British Cables Association
- British Plastics Federation
- ERA Technology Ltd.
- Electricity Association
- London Underground Ltd.
- UK Steel Association

This British Standard, having been prepared under the direction of the Electrotechnical Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 July 1999
