

# Surface friction of pavements —

## Part 2: Test method for measurement of surface skid resistance using the GripTester braked wheel fixed slip device

ICS 17.040.20; 93.080.20

# Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/510, Road materials, to Subcommittee B/510/5, Surface characteristics, upon which the following bodies were represented:

- County Surveyors' Society
- Department of the Environment, transport and the Regions
- Institution of Civil Engineers
- Quarry Products Association
- Road Surface Dressing Association
- Society of Chemical Industry

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Brick Development Association
- Britpave
- Department of the Environment, Transport and the Regions (Highways Agency)
- Ministry of Defence

This British Standard, having been prepared under the direction of the Sector Committee for Building and Civil Engineering, was published under the authority of the Standards Committee and comes into effect on 15 September 2000
