

Specification for enhanced security performance of casement and tilt/turn windows for domestic applications

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by Technical Committee B/538, Doors, windows, shutters, hardware and curtain walling, to Subcommittee B/538/1, Windows, upon which the following bodies were represented:

- Association of Builders' Hardware Manufacturers
- British Plastics Federation
- British Wood Preserving and Damp-proofing Association
- British Woodworking Federation
- Centre for Window and Cladding Technology
- Construction Fixings Association
- Consumer Policy Committee of BSI
- Council for Aluminium in Building
- Department of the Environment (Building Research Establishment)
- Flat Glass Manufacturers' Association
- Glass and Glazing Federation
- Guild of Architectural Ironmongers
- Health and Safety Executive
- LHC Building Components and Services
- National House Building Council
- Royal Institute of British Architects
- Society of Chief Architects of Local Authorities
- Society of Surveying Technicians
- Steel Window Association
- Timber Research and Development Association

This British Standard, having been prepared under the direction of the Sector Board for Building and Civil Engineering, was published under the authority of the Standards Board and comes into effect on 15 November 1997
