

Code of practice for

Design and installation of damp-proof courses in masonry construction

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Elements and Components (of Diverse Materials) for Buildings Standards Policy Committee (ECB/-) to Technical Committee ECB/44, upon which the following bodies were represented:

- Associated Lead Manufacturers Limited
- Association of British Roofing Felt Manufacturers
- Association of Jute Spinners and Manufacturers
- Autoclaved Aerated Concrete Products Association
- Brick Development Association
- British Board of Agreement
- British Ceramic Research Ltd.
- Consumer Policy Committee of BSI
- Contract Flooring Association
- Copper Development Association
- Department of the Environment (Building Research Establishment)
- Department of the Environment (Property Services Agency)
- Institute of Building Control
- Institute of Clerks of Works of Great Britain Inc.
- Lead Sheet Association
- Local Authority Organizations
- Mastic Asphalt Council and Employers' Federation
- Natural Slate Quarries Association
- Packaging and Industrial Films Association
- Royal Institute of British Architects
- Royal Institution of Chartered Surveyors
- Society of Chemical Industry

This British Standard, having been prepared under the direction of the Elements and Components (of Diverse Materials) for Buildings Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 28 February 1991
