

BSI

BS 970: Part 6: 1973

UDC 669.14-13-4 : 389.15(083.5)

Specification for

Wrought steels

in the form of

blooms, billets, bars and forgings

Part 6. SI metric values

(for use with BS 970: Parts 4 and 5)

This British Standard, having been approved by the Iron and Steel Industry Standards Committee, was published under the authority of the Executive Board on 31 October, 1973.

British Standards Institution

Incorporated by Royal Charter, BSI is the independent national body for the preparation of British Standards. It is the UK member of the International Organization for Standardization and UK sponsor of the British National Committee of the International Electrotechnical Commission.

Copyright

Users of British Standards are reminded that copyright subsists in all BSI publications. No part of this publication may be reproduced in any form without the prior permission in writing of BSI. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols and size, type or grade designations. Enquiries should be addressed to the Publications Manager, British Standards Institution, Linford Wood, Milton Keynes MK14 6LE. The number for telephone enquiries is **0908 220022; Telex 825777**.

Contract requirements

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Revision of British Standards

British Standards are revised, when necessary, by the issue either of amendments or of revised editions. **It is important that users of British Standards should ascertain that they are in possession of the latest amendments or editions.** Information on all BSI publications is in the *BSI Catalogue*, supplemented each month by *BSI News* which is available to subscribing members of the Institution and gives details of new publications, revisions, amendments and withdrawn standards. Any person who, when making use of a British Standard, encounters an inaccuracy or ambiguity, is requested to notify BSI without delay in order that the matter may be investigated and appropriate action taken.

Co-operating organizations

The Iron and Steel Industry Standards Committee, under whose supervision this British Standard was prepared, consists of representatives from the following Government departments and scientific and industrial organizations:

British Cast Iron Research Association	Institution of Mechanical Engineers (Automobile Division)
British Constructional Steelwork Association	Institution of Production Engineers
British Ironfounders' Association	Institution of Structural Engineers
British Mechanical Engineering Confederation	Lloyd's Register of Shipping
*British Steel Industry	Ministry of Defence
The Concrete Society	*Ministry of Defence, Army Department
Council of Iron Producers	*National Association of Drop Forgers and Stampers
Council of Ironfoundry Associations	National Physical Laboratory (Department of Trade and Industry)
Department of Employment, H.M. Chief Inspector of Factories	Oil Companies Materials Association
Department of Trade and Industry (Marine Division)	Process Plant Association
Engineering Equipment Users' Association	Royal Institute of British Architects
Federation of Civil Engineering Contractors	Shipbuilders' and Repairers' National Association
Greater London Council	*Society of Motor Manufacturers and Traders Ltd.
Institute of British Foundrymen	Stainless Steel Development Association
Institute of Iron and Steel Wire Manufacturers	Steel Castings Research and Trade Association
Institute of Marine Engineers	Tin Research Institute

The Government department and scientific and industrial organizations marked with an asterisk in the above list, together with the following, were directly represented on the committee entrusted with the preparation of this standard:

Association of British Railway Carriage and Wagon Manufacturers	London Transport Executive
Association of Hydraulic Equipment Manufacturers	Ministry of Aviation Supply
British Bolt, Nut, Screw and Rivet Federation	Ministry of Defence (Navy Dept.)
British Railways Board	National Coal Board
Department of the Environment	Spring Research Association
Department of Trade and Industry	Stainless Steels Fabricators' Association of Great Britain
Federation of Manufacturers of Construction Equipment and Cranes	Individual companies
