

Specification for

Strength requirements of towing brackets and coupling balls for caravans and light trailers

UDC 629.114.2.013.6

Foreword

This British Standard has been prepared under the direction of the Automobile Standards Committee and is technically equivalent to ISO 3853:1977 “*Road vehicles — Caravans and light trailers — Towing brackets and coupling balls — Strength test*” of the International Organization for Standardization (ISO).

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, pages 1 to 4 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.
