

Specification for

**Dimensions of $3\frac{1}{2}$ – $4\frac{1}{2}$ in
diameter fifth wheel
king pin for use with
extra heavy duty
semi-trailers**

UDC 629.114.2.013.6

Foreword

This British Standard, prepared under the authority of the Automobile Industry Standards Committee of BSI, was first published in 1963.

This revision provides additional information regarding the dimensions, including metric conversions.

This fifth wheel king pin is dimensionally interchangeable with that specified in Standard No. SAE J848a of the Society of Automotive Engineers of the United States of America.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

Summary of pages

This document comprises a front cover, an inside front cover, pages i and ii, page 1 and a back cover.

This standard has been updated (see copyright date) and may have had amendments incorporated. This will be indicated in the amendment table on the inside front cover.

Amendments issued since publication

Amd. No.	Date	Comments
