

General technical delivery conditions for steel products

The European Standard EN 10021:2006 has the status of a
British Standard

ICS 77.140.01

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 10021:2006. It supersedes BS EN 10021:1993 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/5, Technical delivery conditions, classification and designation of steels.

A list of organizations represented on ISE/5 can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard cannot confer immunity from legal obligations.

This British Standard was published under the authority of the Standards Policy and Strategy Committee on 31 May 2007
