

Seamless and welded steel tubes — Dimensions and masses per unit length

The European Standard EN 10220:2002 has the status of a
British Standard

ICS 23.040.10; 77.140.70

National foreword

This British Standard is the official English language version of EN 10220:2002. It supersedes BS 3600:1997 and DD ENV 10220:1994 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/8, Steel pipes, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 13 December 2002
