

BSI Standards Publication

## Steel forgings for pressure purposes

---

Part 3: Nickel steels with specified low temperature properties

## National foreword

This British Standard is the UK implementation of EN 10222-3:2017. It supersedes BS EN 10222-3:1999, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/111, Steel Castings and Forgings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
