

Non-alloy steel tubes and fittings for the conveyance of water and other aqueous liquids — Technical delivery conditions

The European Standard EN 10224:2002, with the incorporation of amendment A1:2005, has the status of a British Standard

ICS 23.040.10; 23.040.40

National foreword

This British Standard is the official English language version of EN 10224:2002, including amendment A1:2005. Together with BS EN 10311 it will supersede BS 534:1990, which will be withdrawn upon publication of BS EN 10311.

The start and finish of text introduced or altered by CEN amendment is indicated in the text by tags **A1** **A1**. Tags indicating changes to CEN text carry the number of the CEN amendment. For example, text altered by CEN amendment A1 is indicated by **A1** **A1**.

Changes made by CEN letter of correction January 2003 are indicated by a sideline.

The UK participation in its preparation was entrusted by Technical Committee ISE/8, Steel pipes, to Subcommittee ISE/8/-/5, Pipes for water and sewage, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Policy and Strategy Committee, was published under the authority of the Standards Policy and Strategy Committee on 11 December 2002

Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 59 and a back cover.

The BSI copyright date displayed in this document indicates when the document was last issued.
