

BSI Standards Publication

Method for the derivation of minimum values of proof strength of steel at elevated temperatures

National foreword

This British Standard is the UK implementation of EN 10314:2016. It supersedes BS EN 10314:2002 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee ISE/107, Steels for Pressure Purposes.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
