# Tests for mechanical and physical properties of aggregates

Part 9: Determination of the resistance to wear by abrasion from studded tyres — Nordic test

**National foreword**

This British Standard is the UK implementation of EN 1097-9:2014. It supersedes BS EN 1097-9:1998 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/502, Aggregates.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
