

**Harmonized system of quality
assessment for electronic components**

Blank detail specification: Photomultiplier tubes

The European Standard EN 114001:1991 has the status of a
British Standard

ICS 31.100

National foreword

This British Standard has been prepared by Technical Committee EPL/39 and is the English language version of EN 114001:1991 *Harmonized system of quality assessment for electronic components — Blank detail specification: Photomultiplier tubes*, published by the European Committee for Electrotechnical Standardization (CENELEC) Electronic Components Committee (CECC).

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the BSI Standards Catalogue under the section entitled “International Standards Correspondence Index”, or using the “Find” facility of the BSI Standards Electronic Catalogue. A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
