

Load restraint assemblies on road vehicles — Safety —

Part 2: Web lashing made from man-made fibres

The European Standard EN 12195-2:2000 has the status of a
British Standard

ICS 53.080; 55.180.99

National foreword

This British Standard is the English language version of EN 12195-2:2000. It supersedes BS 5759:1987, which was withdrawn on 15 December 2001.

The UK participation in its preparation was entrusted to Technical Committee MHE/16, Load restraint assemblies, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.

Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Compliance with a British Standard does not of itself confer immunity from legal obligations.
