

# Fixed firefighting systems — Components for sprinkler and water spray systems —

## Part 4: Water motor alarms

The European Standard EN 12259-4:2000, with the incorporation of Amendment A1:2001, has the status of a British Standard

ICS 13.220.20

# National foreword

This British Standard is the official English language version of EN 12259-4:2000, including amendment A1:2001.

This European Standard is the subject to transitional arrangements agreed under a Commission mandate which is intended to lead to CE marking in support of the Construction Products Directive. In order to allow for any changes in national regulations, the Member States have agreed a transition period.

This period (date of applicability) started with an announcement in the Official Journal of the European Communities(OJ) on 1 January 2002. The transition period will end on 1 January 2003.

The UK participation in its preparation was entrusted by Technical Committee FSH/18, Fixed firefighting systems, to Subcommittee FSH/18/2, Sprinklers, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

### Cross-references

The British Standards which implement international or European publications referred to in this document may be found in the *BSI Catalogue* under the section entitled “International Standards Correspondence Index”, or by using the “Search” facility of the *BSI Electronic Catalogue* or of British Standards Online.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

**Compliance with a British Standard does not of itself confer immunity from legal obligations.**

### Summary of pages

This document comprises a front cover, an inside front cover, the EN title page, pages 2 to 27 and a back cover.

The BSI copyright date displayed in this document indicates when the document was last issued.

Sidelining in this document indicates the most recent changes by amendment.

### Amendments issued since publication
