

# **Biotechnology — Large-scale process and production — Guidance on equipment selection and installation in accordance with the biological risk**

The European Standard EN 12460:1998 has the status of a  
British Standard

ICS 07.080

This British Standard is the English language version of EN 12460:1998.

- aid enquirers to understand the text;
- present to the responsible European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

## Cross-references

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

## Summary of pages

## Amendments issued since publication

| Amd. No. | Date | Text affected |
|----------|------|---------------|
|          |      |               |
|          |      |               |
|          |      |               |
|          |      |               |

This British Standard, having been prepared under the direction of the Sector Board for Materials and Chemicals, was published under the authority of the Standards Board and comes into effect on 15 July 1998
