

BSI Standards Publication

Testing concrete in structures

Part 2: Non-destructive testing — Determination of rebound number

National foreword

This British Standard is the UK implementation of [EN 12504-2:2021](#). It supersedes [BS EN 12504-2:2012](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/517/1, Concrete production and testing.

A list of organizations represented on this committee can be obtained on request to its committee manager.

The UK committee draws users' attention to informative [National Annex NA](#), appended at the back of this document, which offers guidance on the use of this standard.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.
