

Cryogenic vessels — Transportable vacuum insulated vessels of not more than 1 000 litres volume —

Part 2: Design, fabrication, inspection and testing

The European Standard EN 1251-2:2000 has the status of a
British Standard

ICS 23.020.40

National foreword

This British Standard was published by BSI. It is the UK implementation of EN 1251-2:2000, incorporating Corrigendum August 2006.

The UK participation in its preparation was entrusted to Technical Committee PVE/18, Cryogenic vessels.

A list of organizations represented on this committee can be obtained on request to its secretary.

A British Standard does not purport to include all the necessary provisions of a contract. Users of British Standards are responsible for their correct application.

Compliance with a British Standard cannot of itself confer immunity from legal obligations.

This British Standard, having been prepared under the direction of the Engineering Sector Committee, was published under the authority of the Standards Committee and comes into effect on 15 May 2000
