

BSI Standards Publication

**LPG equipment and accessories
— Static welded steel
cylindrical tanks, serially
produced for the storage of
Liquefied Petroleum Gas (LPG)
having a volume not greater
than 13 m³ — Design and
manufacture**

National foreword

This British Standard is the UK implementation of EN 12542:2010. It supersedes BS EN 12542:2002 and BS EN 14075:2002 which are withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PVE/19, LPG containers and their associated fittings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
