# **Prefabricated reinforced components of autoclaved aerated concrete**

## National foreword

This British Standard is the UK implementation of EN 12602:2016. It supersedes BS EN 12602:2008+A1:2013 which is withdrawn.

National Annex NA provides the nationally determined parameters on prefabricated reinforced components of autoclaved aerated concrete.

The UK participation in its preparation was entrusted to Technical Committee B/523, Prefabricated components of reinforced autoclaved aerated concrete and lightweight aggregate concrete with open structure.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
