

BSI Standards Publication

Plastics warning devices for underground cables and pipelines with visual characteristics

National foreword

This British Standard is the UK implementation of EN 12613:2021. It supersedes BS EN 12613:2009, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/-/1, GB Co-ordination for International work on plastics standards.

A list of organizations represented on this committee can be obtained on request to its committee manager.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
