

BSI Standards Publication

Bituminous mixtures - Test methods

Part 13: Temperature measurement

National foreword

This British Standard is the UK implementation of EN 12697-13:2017. It supersedes BS EN 12697-13:2000, which is withdrawn. It partially supersedes BS 598-1:2011, specifically all content related to the temperature of bituminous mixtures using non-contact temperature-measuring devices.

The UK participation in its preparation was entrusted to Technical Committee B/510/1, Asphalt products.

A list of organizations represented on this committee can be obtained on request to its committee manager.

Contractual and legal considerations

This publication has been prepared in good faith, however no representation, warranty, assurance or undertaking (express or implied) is or will be made, and no responsibility or liability is or will be accepted by BSI in relation to the adequacy, accuracy, completeness or reasonableness of this publication. All and any such responsibility and liability is expressly disclaimed to the full extent permitted by the law.
