

BSI Standards Publication

Bituminous mixtures – Test methods

Part 21: Indentation using plate specimens

National foreword

This British Standard is the UK implementation of [EN 12697-21:2020](#). It supersedes [BS EN 12697-21:2012](#), which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee B/510/1, Asphalt products.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
