

BS EN 12760:2016

BSI Standards Publication

Industrial valves — Socket welding ends for steel valves

National foreword

This British Standard is the UK implementation of EN 12760:2016. It supersedes BS EN 12760:1999 which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PSE/18/1, Industrial valves, steam traps, actuators and safety devices against excessive pressure - Valves - Basic standards.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
